Education

2026

California State University, Long Beach

— BFA, Graphic Design

Experience

2026 – Present

Ursa Major Design — UI/UX Web Designer

- Designing and building the studio's website in Framer, from user flows to launch
- Wireframe and prototype in Figma; ship responsive layouts for every screen size
- Built a component library and style guide to keep the site visually consistent
- Run stakeholder reviews and usability checks, then refine

2026 – 2026

Solution Floor Covering — UI/UX Web Designer

- Designed and built a flooring contractor's first website in Framer
- Structured the site around how customers shop: services, galleries, CTAs
- Shipped responsive layouts, refining directly with the owner

2026 – 2026

Pulse Arts — UI/UX Web Designer

- Designed and shipped a responsive nonprofit website in Framer
- Mapped user flows, wireframed and prototyped pages, iterated on feedback
- Built a component library for visual consistency

2025 – 2026

CSULB BFA Senior Show — UI Designer

- Led four designers on the senior show's digital experience
- Owned UI structure, layout, and interaction design across every page
- Built a shared component library and design documentation
- Partnered with developers on handoff and responsive behavior

2022 – 2025

Nara Imagination Studio — Founding Product Designer

- Founded the brand and shipped its Shopify e-commerce site
- Owned navigation and checkout flow; tested and refined for conversion
- Made every user-facing design decision, concept to launch
